

# GDB Introduction

Josep Flix [PIC/CIEMAT]

Mattias Wadenstein [University of Umeå]

GDB, 8<sup>th</sup> December 2021: **virtual meeting**

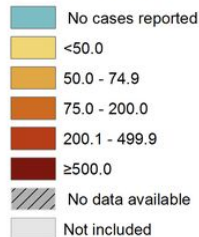

# Meeting Details (Covid-19 matters)

The pandemic is still ongoing, with various situations in different countries...  
Situation a bit less optimistic than last month, with 4th wave/Omicron in Europe

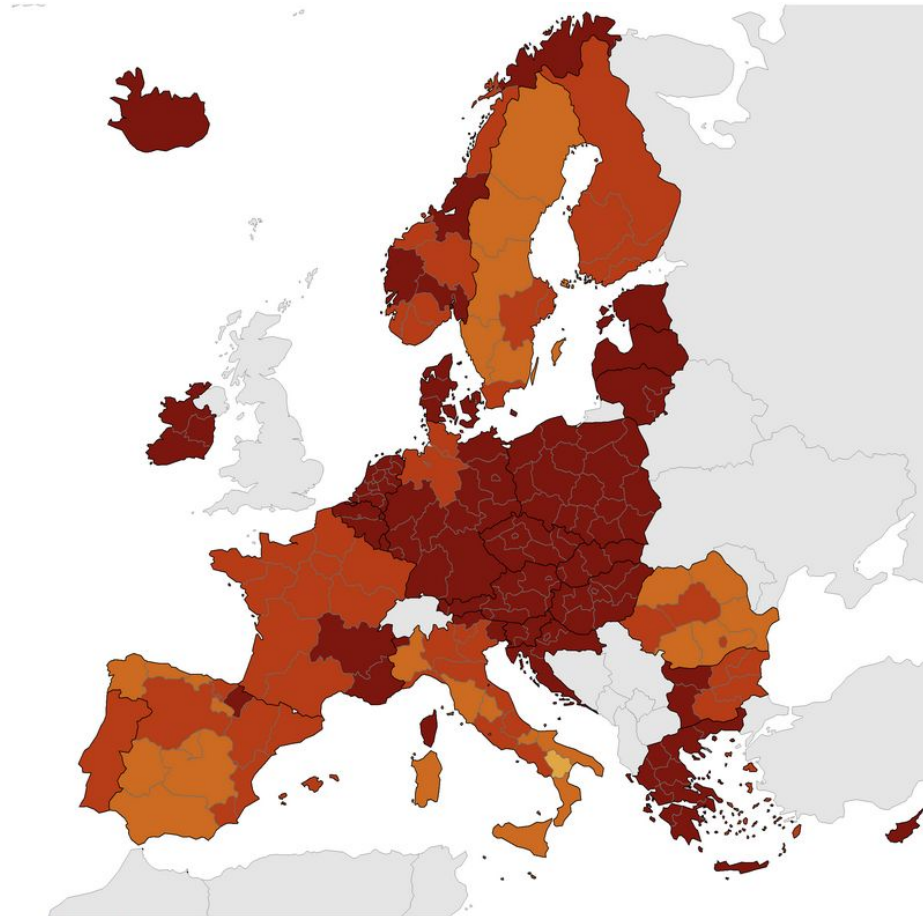

**14-day COVID-19 case notification rate per 100 000 population, EU/EEA weeks 46 - 47**

Regions not visible in the main map extent

Countries not visible in the main map extent

# Meeting Details (Covid-19 matters)

For the moment, we expect to have the next GDBs and pre-GDBs as **remote-only meetings**

The most important thing for you, your relatives and friends is **to stay healthy!**

We are discussing the possibility of **hybrid-mode meetings** at some point in 2022

**CERN & Covid-19 : What's new this week**

<https://hse.cern/covid-19-information>

# Meeting summaries

The co-chairs try to take notes for the meetings, but sometimes we are busy running the meeting the notes can possibly be lacking (**in fact they are!**):

<https://twiki.cern.ch/twiki/bin/view/LCG/WLCGGDBDocs>

- if **you take notes, please share them with us**, so we can merge the information and make the summaries more complete
- We **record** the sessions • LIVE so are integrating the videos into the agenda as well → used to get notes to twiki for the recent ones

# Today's topics

DPM sites in France (status and plans)

WLCG auth and IAM users meeting summary

Network topology in CRIC

Evolution of Enstore, CTA & EOS, dCache pre-GDB summary

Morning  
Afternoon

---

WLCG Operational Security:

- SOC WG update

- SAFER

- pDNS SOC plans

LHCb Analysis Facilities: status, plans

CMS Analysis Facilities: status, plans

Elaboration of a proposal on Linux Future from the last GDB

→ **Thanks in advance to all of today's speakers!**

# Next pre-GDBs

## Operations efforts savings

[follow-up from a meeting with LHC referees] - likely in Jan. 2022

pre-GDB (from meeting with LHC Referees) to review the situation with computing operations in the experiments and central Ops, to understand where we can save effort

## DPM: next steps/actions by regions?

[follow-up with regions] - we plan for presentations in the Dec. - Feb GDBs, and will solicit interest in a pre-GDB based on feedback after these

# pre-GDBs/GDBs organization

Please consider using pre-GDB lots to organize topical sessions!

Let Mattias and myself know if you have topics to bring to the thematic pre-GDBs or GDBs

Also, let us know if you would like things to happen/improve!

You can email us or use the **GDB mattermost channel**:

<https://mattermost.web.cern.ch/wlcg-gdb/channels/wlcg-gdb>

# Upcoming meetings

~~CHEP 2022: 16<sup>th</sup> - 20<sup>th</sup> May 2022, Norfolk, USA [cancelled]~~

HSF/WLCG or WLCG Workshop 2022 [being discussed atm at the WLCG MB - opinions?]

Thematic CSC on “Scientific Software for Heterogeneous Architectures”: 1<sup>st</sup> – 7<sup>th</sup> May 2022, Cargèse, France [\[link\]](#) (applications open this week)

Thematic CSC on “Security of Research Computing Infrastructures”: 19<sup>th</sup> – 25<sup>th</sup> Sep. 2022, Split, Croatia [\[link\]](#) (this is a completely new school, with a new programme)

Main CERN School of Computing 2022: 28<sup>th</sup> Aug. – 10<sup>th</sup> Sep. 2022, Krakow, Poland [\[link\]](#)

➔ Anything we’ve missed, let us know & we’ll add it to the slide

\* Please, refer to the HSF calendar for detailed meetings info: <https://hepsoftwarefoundation.org/future-events.html>

# Questions?
