

MPI workshop in Portugal

- First of all ... thanks for accepting our invitation to host the 12th MPI workshop
- Proposed dates: October 26-30, 2020
 - Start Monday at lunch time (will allow people to come in the same day, if needed)
 - It avoids CMS/ATLAS main meetings
- Portugal is a small country
- Lisbon is well connected to major European cities and direct flights from US
- Possible locations:
 - Sesimbra, Ericeira, Cascais
 - Lisbon ...but costlier, more touristic, still possible to visit in the weekend (before/after)
- Hotel rooms: 70-100 euros
- Conference fee: approximately 350 euros

Proposed Locations

A few thoughts for discussion

- Expect ~80 participants
- Similar agenda to 11th MPI edition
- Poster session?
- It would be good to add some new/more general topic (to be discussed) ?
