

**Session Program**

**25 January 2007**

**Joint LHC Machine-Experiments Workshop on  
Very Forward Detectors**

***Morning Session***

CERN, AT auditorium

# Thursday 25 January

09:00

## Morning Session

**Session** | **Location:** CERN, AT auditorium

09:00-09:10

### Welcome

**Speaker**

Dr D. Macina

09:10-09:30

### LHC startup plans for 2007 and 2008

**Speaker**

R. Bailey

09:35-10:00

### Signal and background simulation at the recombination chamber

**Speaker**

V. Talanov

10:05-10:30

### Detectors installation in the TAN at IR1 and IR5: status and planning

**Speaker**

A L Perrot

10:35-11:00

### coffee break

11:00-11:10

### BRAN at IR1 and IR5: status, commissioning and operation (1)

**Speaker**

Dr H. Matis

11:10-11:30

### BRAN at IR1 and IR5: status, commissioning and operation (2)

**Speaker**

Alessandro Ratti

11:35-12:00

### LHCf detectors: status, commissioning and operation

**Speaker**

Dr O. Adriani

12:05-12:30

### ATLAS ZDC: status, commissioning and operation

**Speaker**

Dr S. White

12:50
