

Prospects For Charged Higgs Discovery At Colliders (CHARGED 2010)

Tuesday 28 September 2010

Invited talks on theory and phenomenology (09:00 - 12:30)

time	[id] title	presenter
09:00	[21] Interpretation of charged Higgs effects in low energy flavour physics	HURTH, Tobias
09:35	[22] Light charged Higgs in NMSSM	DERMISEK, Radovan
10:10	Coffee break	
10:40	[23] Charged Higgs in Extended Higgs models (non-type II model)	AKERROYD, Andrew
11:15	[24] Higher order corrections to charged Higgs production including EW corrections	VERZEGNASSI, Claudio
11:50	[25] Tools for charged Higgs bosons	STÅL, Oscar
