

**EWFP 2020**

5<sup>th</sup> Elba Workshop on

# Forward Physics @ LHC Energy

*La Biodola, Isola d'Elba (Italy), Hotel Hermitage*

*May 17 – 20, 2020*

*Current theoretical frameworks and beyond the Standard Model at multi-TeV energy will be analyzed. The perspectives of the main current forward experiments at the LHC are on focus, as well as the required detector developments and accelerator operations.*

## **Domains**

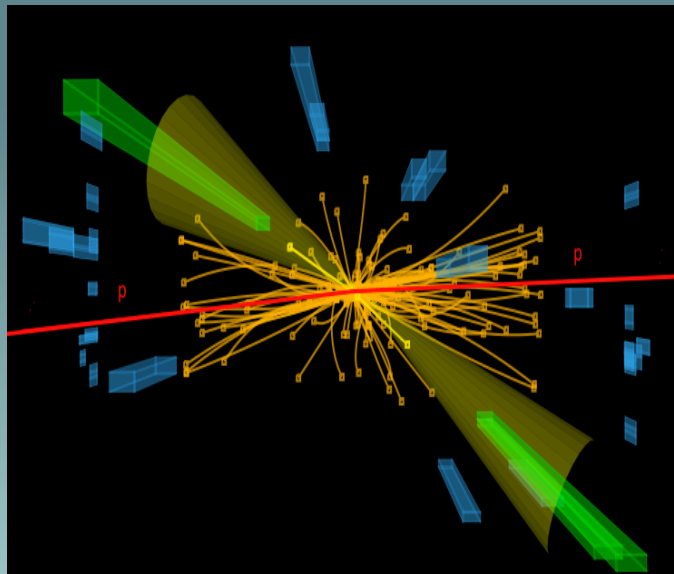

**Theory**  $\diamond$  **Forward Physics Results & Perspectives**  $\diamond$

**Experiments**  $\diamond$  **Detectors Technology**  $\diamond$

**Accelerators HL & HE**

### **Scientific Program Committee**

Oscar Adriani  
 Michele Arneodo  
 Joachim Baechler  
 Helmut Burkhardt  
 Paula Collins  
 (chair) Simone Giani  
 Paul R. Newman  
 Joakim Nystrand  
 Kenneth Osterberg  
 Michael Rijssenbeek  
 Christophe Royon  
 Joao Varela

### **Local Organizing Committee**

Valentina Avati  
 Mirko Berretti  
 Edoardo Bossini  
 Marco Bozzo  
 Francesco Cafagna  
 Mario Deile  
 Fabrizio Ferro  
 Emilio Radicioni  
 Enrico Robutti  
 Angelo Scribano (chair)  
 Nicola Turini

Secretaries and Staff: Claudia Tofani, Lucia Lilli, Elisa Gros, Maurizio Garzella, Mauro Giannini

Participation of all the people working in the field is welcome
