

First workshop on "Perceiving the Emergence of Hadron Mass through AMBER@CERN" (EHM2020/1)

Tuesday 31 March 2020

Afternoon session: More on meson structure (17:10 - 18:25)

time	[id] title	presenter
17:10	[22] Quark mass function from a OGE-type interaction in Minkowski space	BIERNAT, Elmar
17:35	[38] Power corrections to the Drell-Yan and Charmonium qT -spectra at moderate transverse momenta from Reggeized Partons	SALEEV, Vladimir
18:00	[23] Prompt photon production and diffractive scattering at AMBER	Dr GUSKOV, Alexey
