
NuInt22 and Beyond

Jorge G. Morfín

For the NuSTEC Board

NuInt22

Seoul National University – Seoul, KOREA

- ◆ The organizers of this NuInt faced and overcame many challenges, stemming from the pandemic, to hold this in-person workshop.
- ◆ It is a joy to acknowledge our co-hosts of the workshop who led the excellent organization: **Un-ki Yang and Jonghee Yoo** –
- ◆ And the important committee that they led:
 - ▼ **Siyeon Kim, Yu Seon Jeong (CAU)**
 - ▼ **Kyeong Kwang Ju (CNU)**
 - ▼ **Hyun Su Lee, Sunny Seo, Yumin Oh (IBS)**
 - ▼ **Hongjoo Kim, Chang-Seong Moon, Jungsic Park (KNU)**
 - ▼ **Intae Yu (SKKU)**
 - ▼ **Sunghoon Jung, Byeongsu Yang (SNU)**
 - ▼ **Shin Kyu Kang (STU)**
- ◆ Our Sincere **Thanks** to you all who made this well-organized workshop so productive and enjoyable!

Future NuInts

- ◆ Up to and including NuInt22, the venues of NuInts have been chosen by the **International NuInt Commission (INC)** – all the hosts of past NuInts:
 - ▼ Omar Benhar, Sampa Bhadra, Flavio Cavanna, Yoshinari Hayato, Jorge G. Morfín, Helio Da Motta, Federico Sanchez Nieto, Toru Sato, Shri Krishna Singh, Michel Sorel, Hirohisa A. Tanaka, Morgan Wascko, with now Un-ki Yang, Jonghee Yoo.
- ◆ We (INC) offered our help and advise in the organization of the particular NuInt, however the **organization decisions were the responsibility of the host(s)**.
- ◆ This year NuSTEC began a discussion on our relationship with the NuInt workshops leading to discussion with the INC on the organization of future NuInts.
- ◆ Starting with the next NuInt, **NuSTEC is coordinating selection of the hosts/venue and date of the workshops and offering our experience in the organization.**

The next NuInt

- ◆ Following the general area sequence of Europe, Asia, Americas - the next NuInt will be in the Americas.
- ◆ We are pleased to announce that the next NuInt will be co-hosted by **Orlando Peres and Hélio da Motta** in **São Paulo, Brazil.**

SÃO PAULO WELCOMES NUINT 2024

Restaurants of different styles and cuisines

Intense cultural life

Ethnic diversity (Japanese, Arabic, Italian, Jewish, African . .).

**Historical sites
Luz Train station (1867)
Museum of the Portuguese Language**

Great museums like MASP

Monuments

**Great parks like Ibirapuera
1,500,000 square meters**

Instituto Principia (proposed venue)

View of Instituto Principia, our proposed venue

UNICAMP

São Paulo is a metropolis whose metropolitan area is home to 20 million people. It is an industrial, cultural, and financial center. São Paulo is the most populous city proper in the Americas, the Western Hemisphere and the Southern Hemisphere, as well as the world's 4th largest city proper by population and has the largest economy by GDP in Latin America and the Southern Hemisphere. A diverse, vibrant city that has been welcoming people from all over the world

**ALL THIS IS LOOKING FORWARD TO MEETING YOU !!
SEE YOU IN 2024 IN SÃO PAULO, BRAZIL**

The next NuInt

- ◆ As far as **the date of the next NuInt** is concerned, the hosts currently prefer spring of 2024.
- ◆ They mention that after checking the availability of dates in the venue, contacting the hotel and the funding agencies they might find a way to have the meeting as early as October 2023; **however, this could mean higher registration fee and higher costs leaving little funds to support students and postdocs.**
- ◆ This might be a reasonable time to also open a **discussion (through NuSTEC-news) within the community, of the frequency of NuInts?** Is the current every 18 months still optimal? If we prefer yearly then choosing hosts/venues two years in advance would be reasonable.
