

Session Program

24-29 Oct 2022

NuInt 2022

Neutrino CC and NC Scattering without Pion Production 2

Hoam Faculty House at Seoul National University, Seoul, KOREA, Convention Center
Seoul National University Hoam Faculty House 1 Gwanak-ro, Gwanak-Gu, Seoul, Korea

Wednesday 26 October

11:30

Neutrino CC and NC Scattering without Pion Production 2

Session |
Location: Hoam Faculty House at Seoul National University, Seoul, KOREA, Convention Center, Seoul National University Hoam Faculty House 1 Gwanak-ro, Gwanak-Gu, Seoul, Korea |
Convener: Dr Michael Kirby

11:30-11:50 CC Neutrino-nucleus cross-section tuning in GENIE v3

Speaker
Julia Tena vidal

11:50-12:10 The Nucleon Axial Form Factor for Neutrino Oscillation from First Principles

Speaker
Aaron Meyer

12:10-12:30 Form factor and Model Dependence in Neutrino-Nucleus Cross Section Predictions

Speaker
Noah Steinberg

12:30
