

Session Program

24-29 Oct 2022

NuInt 2022

Pions and Other Neutrino Interactions

Hoam Faculty House at Seoul National University, Seoul, KOREA, Convention Center
Seoul National University Hoam Faculty House 1 Gwanak-ro, Gwanak-Gu, Seoul, Korea

Friday 28 October

10:55

Pions and Other Neutrino Interactions

Session |

Location: Hoam Faculty House at Seoul National University, Seoul, KOREA, Convention Center, Seoul National University Hoam Faculty House 1 Gwanak-ro, Gwanak-Gu, Seoul, Korea |

Convener: Prof. Seonho Choi

10:55-11:20

Neutrino Pion Production at MINERvA

Speaker

Prof. Kevin McFarland

11:20-11:40

Total neutron cross section measurement on CH with a novel 3D-projection scintillator detector

Speaker

Mr SunWoo Gwon

11:40-12:00

Neutrino-Argon Cross Sections for Rare Processes in MicroBooNE

Speaker

Christopher Thorpe

12:00
