

B.Eng Gediminas Tamosaitis

Co-founder and CEO Metal production

Anaga

**ROCKET
CLUSTER**

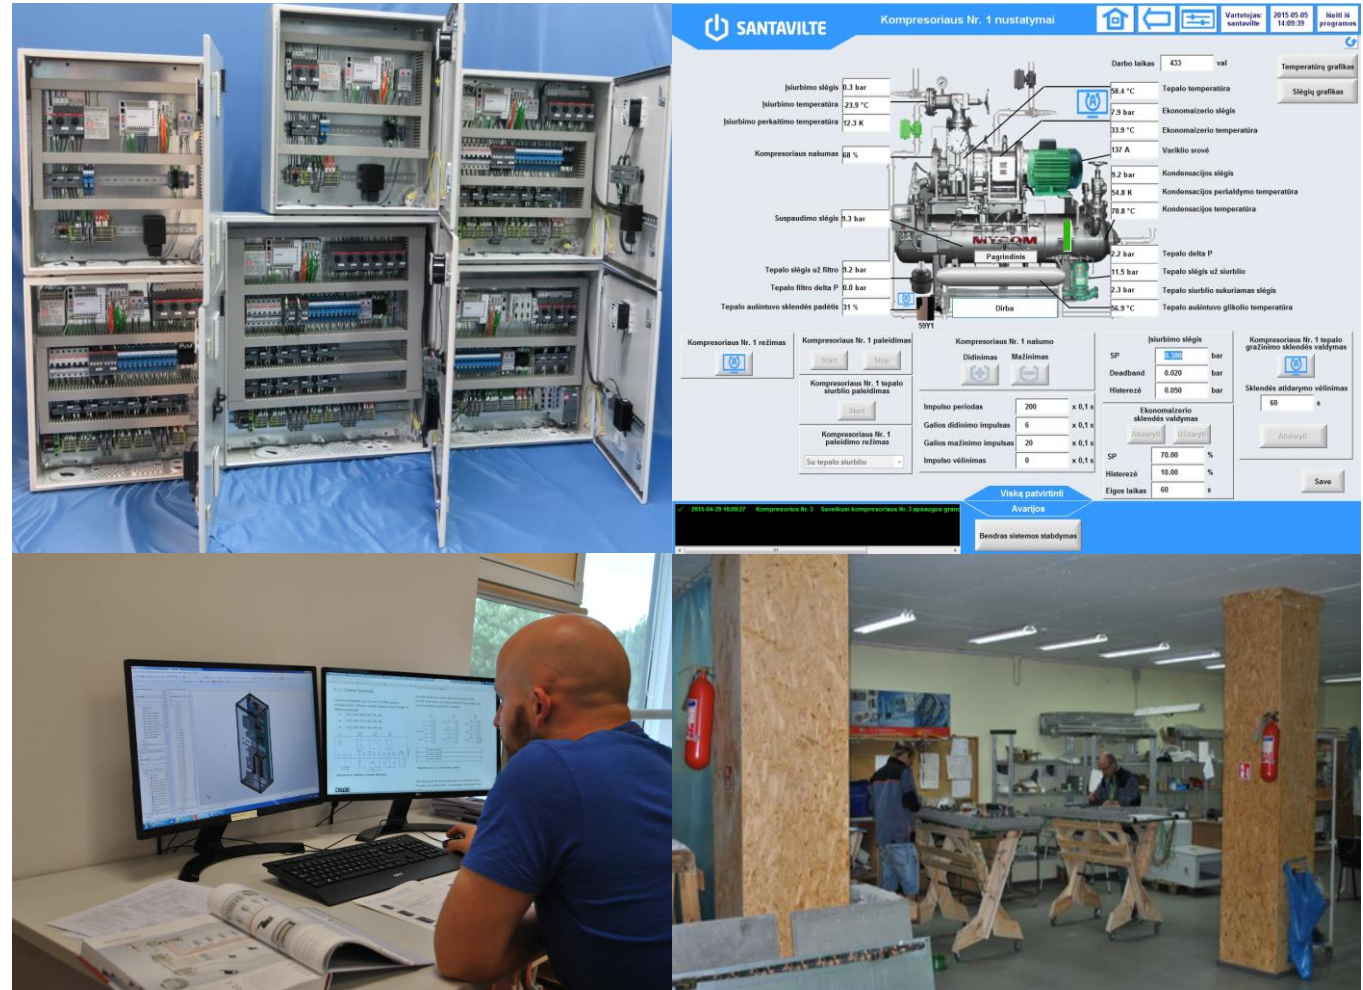

2014-2020 Operational
Programme for the
European Union Funds
Investments in Lithuania

Empowering knowledge
and capacity to deliver
larger key-turn projects.

Industrial and Maritime automatic control and electrical systems

- Compressor control
- RSW Plate freezers
- Trawling Fish plant
- Holds control
- Economizer
- Cabinet design and assembly
- PLC, HMI, SCADA programming

Fish farming equipment:

- Various shapes and colors of Fish farming tanks;
- Pumps for fish farming;
- Biological water filter tank for fish farming;
- Odor removal;
- Wastewater treatment plants;
- And all other parts and accessories of plastic and metal for farming.

Biogas plant parts:

- Biogas piping, valves, other required accessories
- Digester heating system
- Active carbon biogas cleaning
- Heating distribution point
- Compressed air system for control of pneumatic valves
- FeCl₃ dosing system
- On ground tank/resevoirs
- Substrate pump and distribution collector

Mechanical equipment design, production and installation

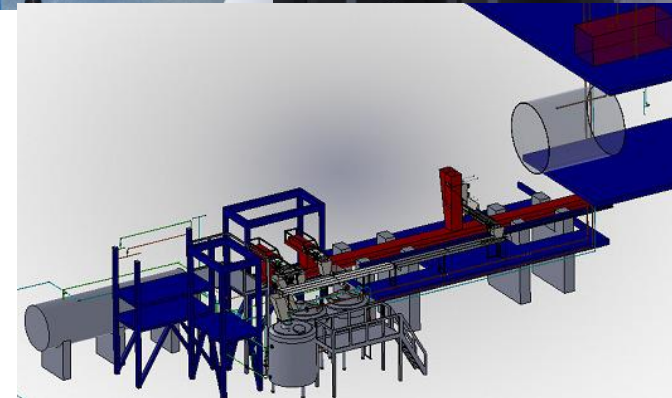

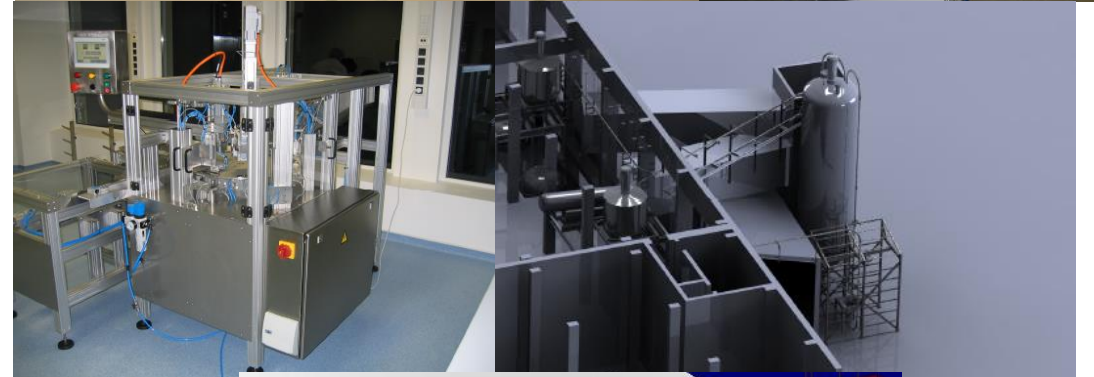

Transportation systems

- Belt conveyors
- Roller conveyors
- Screw and chain conveyors
- Granular product pneumatic transport system
- Melamine Transport Line

Dosing and assembly machines

- Bullets linking device
- Furniture parts producing line
- Low dose automatic dispenser
- Automatic assembly of four plastic parts into one product

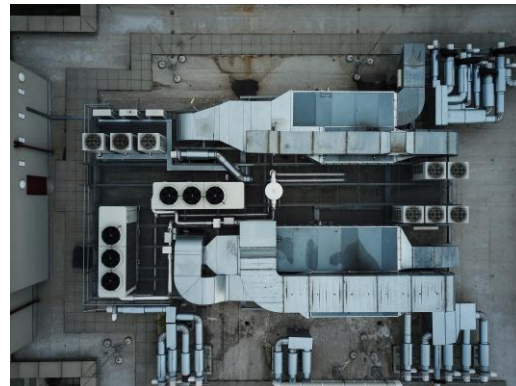

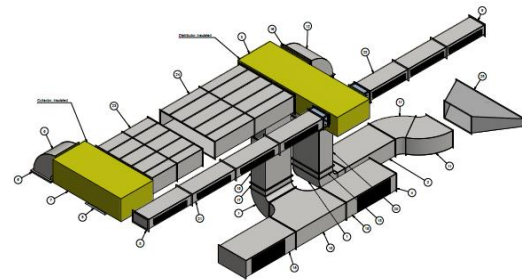

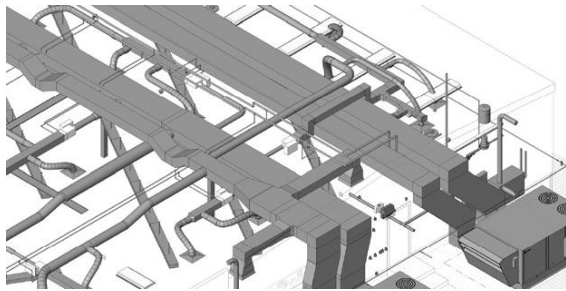

Experimental bar for fertilizer production

Anaga

HVAC Heating, ventilation, and air conditioning

- Distribution of products
- Engineering
- Installation
- Maintenance
- Repair

Interview

Coordinator of

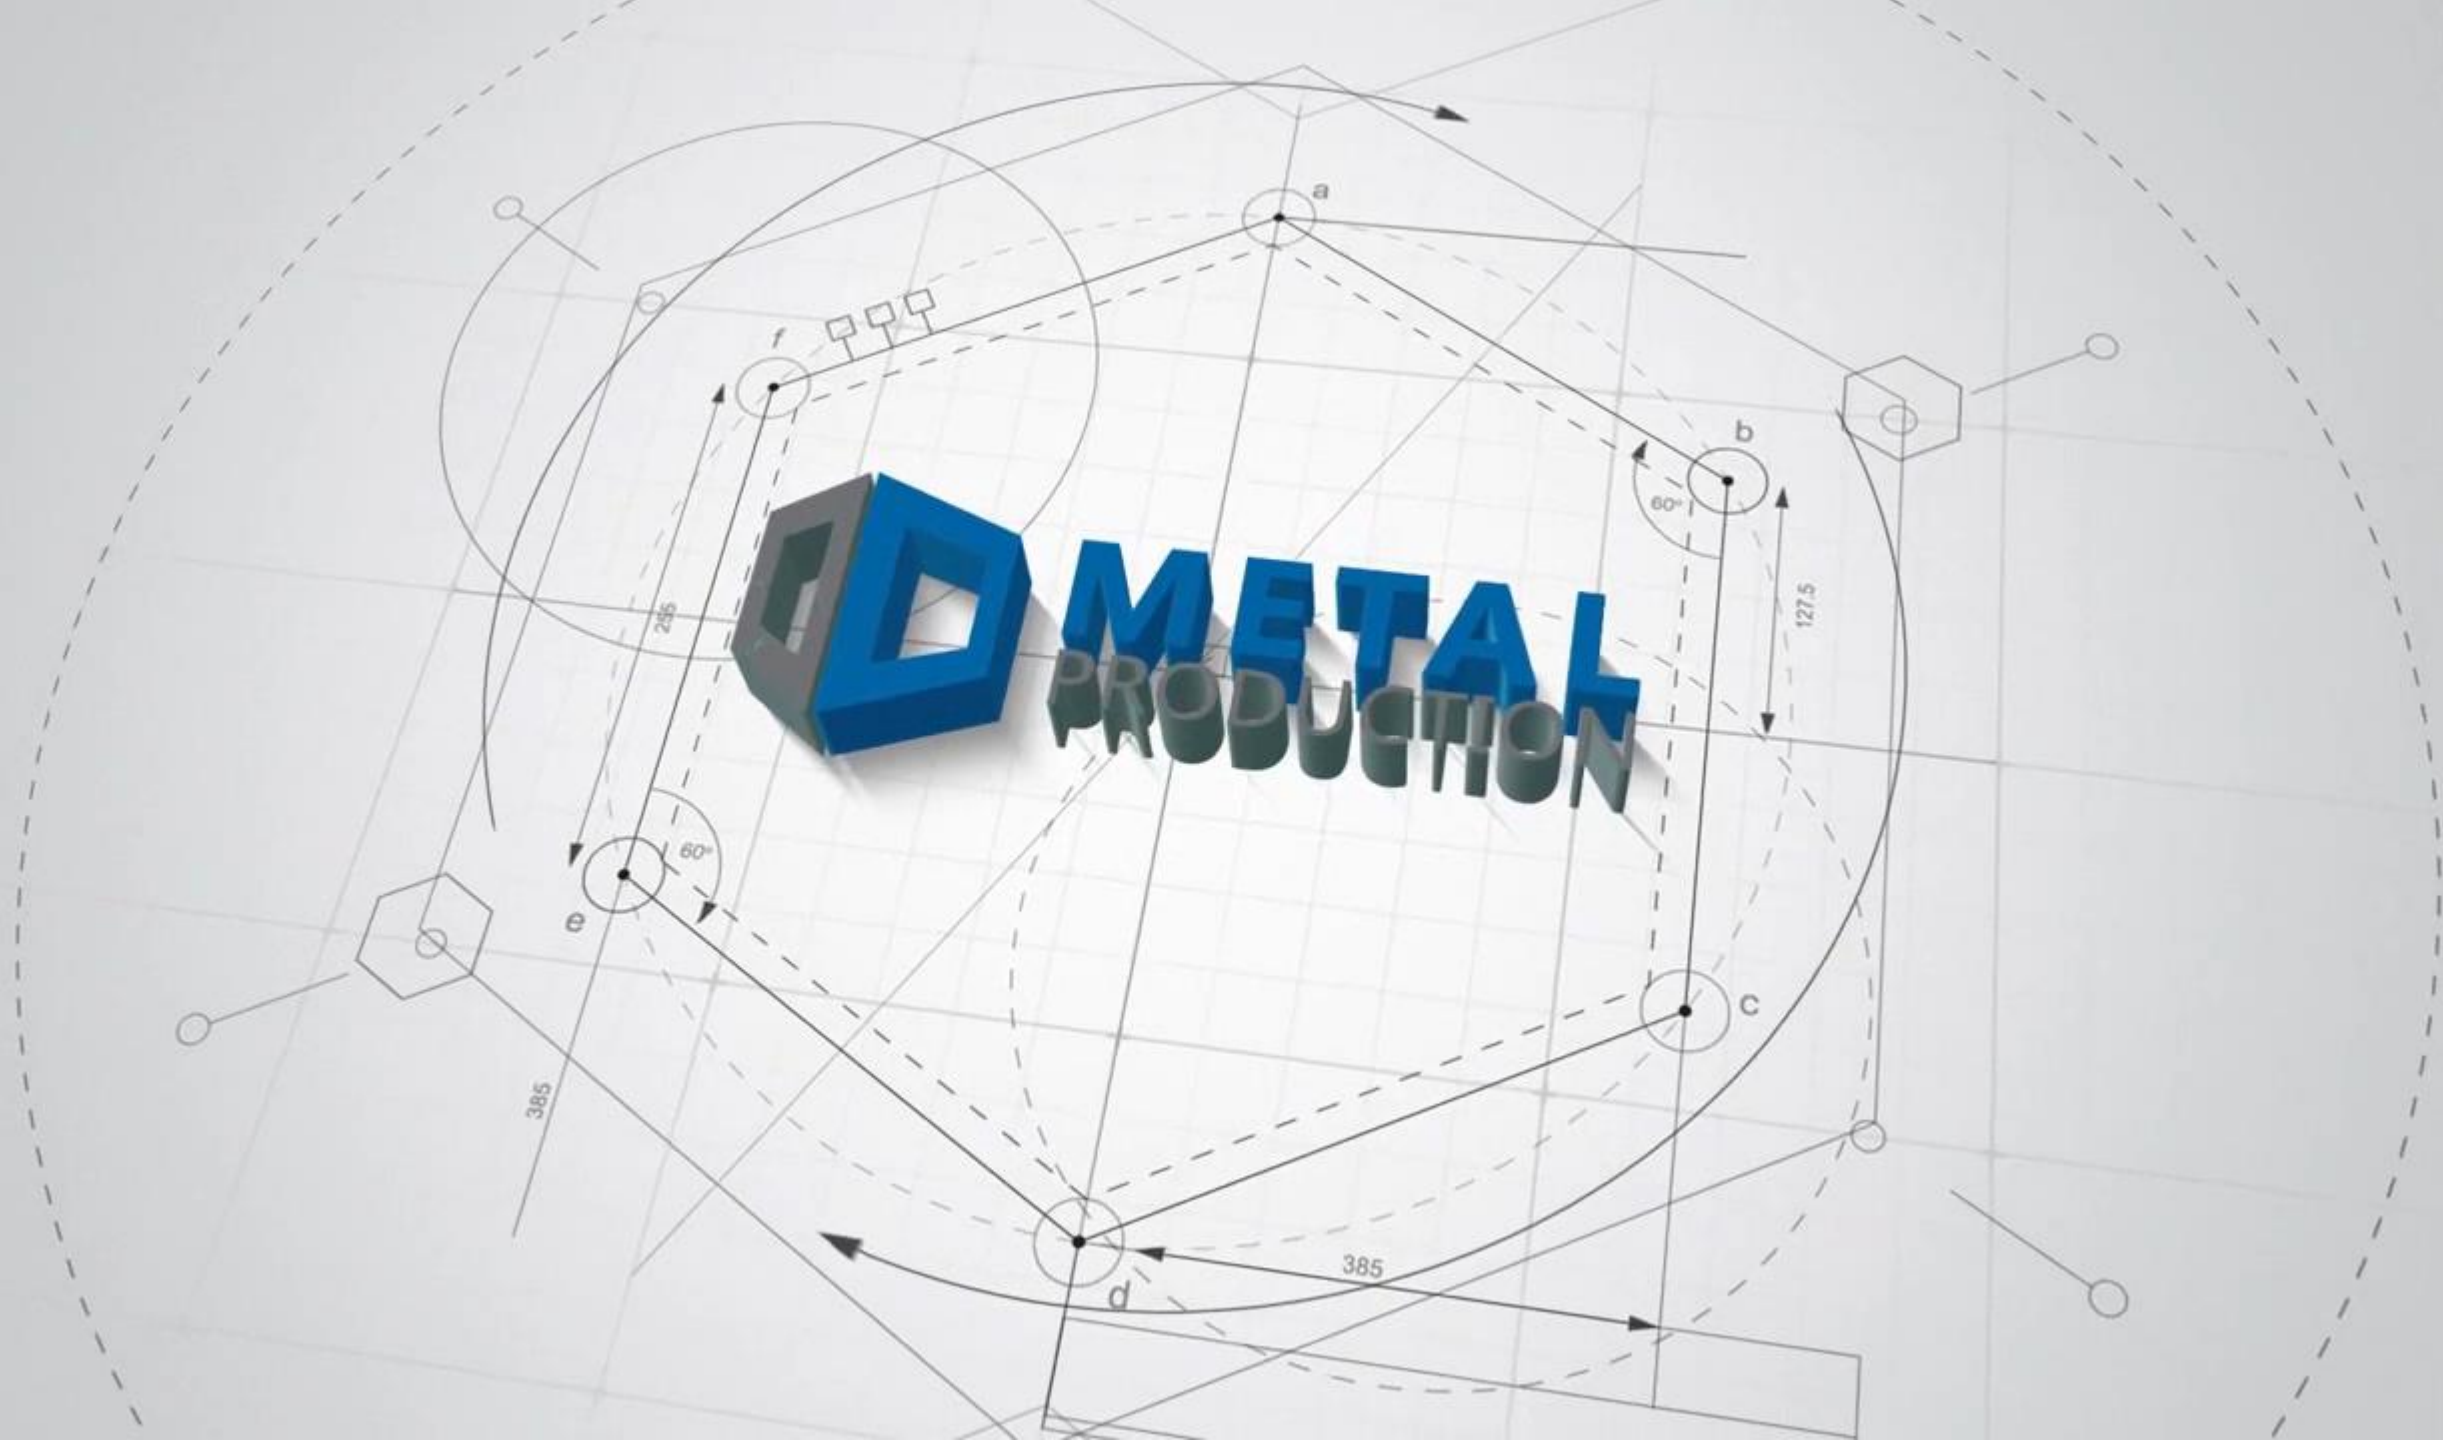

Partners

- Aquaculture, offshore, marine and industry
- Engineering, purchasing and fund raising consulting
- Engineers for hire
- NON STANDARD equipments & constructions, batch and scale-up production
- R&D, QA, QC, PO and project management

Cultivation modules

Semi automated direct seeding
Adjustable speed 25-50 meters
per minute

Inland Harvesting
machine

Assistance during operations

Portable processing unit
(concept)

Low temperature drying

Direct processing and packing

THEY TRUST US

WHY US?

- Continuous expanding network of suppliers
- High production capacity
- Highly motivated and experienced engineering staff – English speaking
- Our customer is ensured the best market price
- Exceptional engineering rates
- Fast connection infrastructure
