Covid-19 related issues

In Italy, the use of masks is not mandatory except on public transports and hospitals (FFP2 type)

However, a surge in the cases (Omicron variant) is presently taking place and we recommend their use in crowded places

In any case, on the University premises including the location of our workshop the **use of the mask** (surgical or FFP2) is **mandatory**

You may collect a surgical mask at the registration desk, if needed

Zoom and network connection

The Zoom link for the connection to the workshop is

<https://cern.zoom.us/j/64265442881>

The access code was communicated via E-mail to all the registered participants, if missed or forgotten please write to hfwinc2020-loc@lists.infn.it

Question time: remote participants please raise your hand on Zoom and the chair will give you the floor

The **EDUROAM network** is available for the Wi-Fi connection
Alternatively, you will find **local credentials for the network connection** in the workshop documentation

N.B.: these **credentials are personal** and should not be shared

Enjoy the workshop!
