## Muon Collider: key issues and priority plan

### Session

14:00–14:30 **Parameters at different energies**

**Speaker**

Daniel Schulte

14:30–14:40 **Plan document - to be discussed**

14:40–14:50 **Discussion on key issues**

14:50–15:10 **Civil engineering considerations on existing tunnels (SPS - LHC)**

**Speaker**

Youri Robert

15:10–15:40 **Muon radiation simulations**

**Speaker**

Paola Sala

15:40–15:50 **Discussion**

15:50–16:10 **Break**

16:10–16:40 **MAP muon source**

**Speaker**

David Neuffer

16:40–17:10 **Cooling status - new ideas after MICE**

**Speaker**

Chris Rogers

17:10–17:30 **Frictional Cooling for a Muon Collider**

**Speaker**

Allen Caldwell

17:30–17:50 **Strong hadron cooling techniques to muon cooling**

**Speaker**

Vladimir Litvinenko

17:50–18:00 **Discussion**

18:00–18:20 **Wrap-up of the day**

**Speaker**

Jean-Pierre Delahaye

18:20
