

Workshop on Transatlantic Networking for the LHC Experiments

Friday, 11 June 2010

Experiment Use Cases - Bandwidth requirements, Models, T0/1/2/3 - 30/7-018 - Kjell Johnsen Auditorium (09:00 - 10:00)

time	[id] title	presenter
09:00	[17] CMS Model and the Network	FISK, Ian
09:30	[20] The ATLAS Computing Model, Use Cases and Network Implications	Dr MCKEE, Shawn

Experiment Use Cases - Bandwidth requirements, Models, T0/1/2/3 - 30/7-018 - Kjell Johnsen Auditorium (10:30 - 12:00)

time	[id] title	presenter
10:30	[4] Panel Points: What are the data management models, bandwidth and service requirements and what would experiments expect from advanced network architectures? Panelists: Shawn Mckee, Ian Fisk, Ken Bloom, Kors Bos, Paul Sheldon, Ian Gable	
11:00	[5] Discussion and conclusions
