

Workshop on Transatlantic Networking for the LHC Experiments

Friday, 11 June 2010

Networking Environment and Future Directions- Commercial activities, Opportunities, New Projects, Technology Changes, 100G etc - 30/7-018 - Kjell Johnsen Auditorium (13:30 - 15:00)

time	[id] title	presenter
13:30	[18] Research networking, is it ready for the ICT e-infrastructures era?	NEGGERS, Kees
14:00	[26] Transport Networking progress overview	ELION, Jan-Willem
14:30	[27] Overview of transatlantic cable systems, backhaul networks, technical roadmap and challenges over the next 2-3 years	KING, Tim

Networking Environment and Future Directions- Commercial activities, Opportunities, New Projects, Technology Changes, 100G etc - 30/7-018 - Kjell Johnsen Auditorium (15:30 - 17:00)

time	[id] title	presenter
15:30	[7] Panel points: What will be the impact of network growth, internet technologies and cost on transatlantic connectivity? Panelists: Kees Neggers, Tim King, Jan Willem Elion	
16:00	[8] Discussion and conclusions
