

## **Session Program**

**2-3 Dec 2023**

# **XVI Polish Workshop on Relativistic Heavy-Ion Collisions**

## ***Session III***

# Saturday 2 December

15:00

## Session III

**Session** | **Location:** Jan Kochanowski University Kielce, Uniwersytecka 7 building G, Lecture Hall B | **Convener:** Seweryn Kowalski

15:00-15:20

### DIS dijet production at next-to-eikonal accuracy and its back-to-back limit

**Speaker**

Alina Czajka

15:20-15:40

### Exploring the equilibration time of the QGP with jet quenching

**Speaker**

Mr Souvik Priyam Adhya

15:40-16:00

### Multi-fluid model for heavy-ion collisions

**Speaker**

Pasi Huovinen

16:00-16:20

### QGP physics from attractor perturbations

**Speaker**

Xin An

16:20-16:40

### Quantum effects in the early stages of the expansion

**Speaker**

Dr Leonardo Tinti

16:40
