

14th International Conference on Hypernuclear and Strange Particle Physics - HYP2022

Monday, 27 June 2022

1: Mon-II (11:00 - 13:00)

-Conveners: Josef Pochodzalla

time	[id] title	presenter
11:00	[76] Current status of hypertriton lifetime measurement with J-PARC E73 experiment	MA, Yue
11:25	[148] Recent studies on hypernuclei lifetimes from STAR	LEUNG, Yue-Hang
11:50	[144] (Anti)(hyper)nucleosynthesis at the LHC with ALICE	PUCCIO, Maximiliano
12:15	[113] Lifetime of the hypertriton	GAZDA, Daniel
12:40	[137] Newly completed JLab experiment (E12-17-003): Determine the unknown Λ_n interaction by investigating the possible Λ_{nn} resonance	Prof. TANG, Liguang
