Session | **Location:** Hotel Pyramida | **Convener:** Josef Pochodzalla

11:00 - 11:25 AM

Current status of hypertriton lifetime measurement with J-PARC E73 experiment

Speaker

Yue Ma

Location

online

11:25 - 11:50 AM

Recent studies on hypernuclei lifetimes from STAR

Speaker

Yue-Hang Leung

Location

online

11:50 AM - 12:15 PM

(Anti)(hyper)nucleosynthesis at the LHC with ALICE

Speaker

Maximiliano Puccio

Location

Hotel Pyramida

12:15 - 12:40 PM

Lifetime of the hypertriton

Speaker

Daniel Gazda

Location

Hotel Pyramida

12:40 - 1:00 PM

Newly completed JLab experiment (E12-17-003): Determine the unknown Λ_n interaction by investigating the possible Λ_{nn} resonance

Speaker

Prof. Liguang Tang

Location

Hotel Pyramida

1:00 PM
