

14th International Conference on Hypernuclear and Strange Particle Physics - HYP2022

Tuesday, 28 June 2022

2: Tue-III (14:30 - 16:00)

-Conveners: Assumpta Parreño

time	[id] title	presenter
14:30	[114] Production of nuclei and hypernuclei in relativistic ion reactions	BOTVINA, Alexander
14:50	[145] Lattice QCD study of hadron interactions with strangeness	DOI, Takumi
15:15	[128] Studying the interactions between hyperons and nucleons from Lattice QCD	ILLA SUBINA, Marc
15:40	[29] Pionless Effective Field Theory in the Flavor SU(3) Symmetric Limit	BAZAK, Betzalel
