

Session Program

June 27, 2022 to July 1, 2022

**14th International Conference on
Hypernuclear and Strange Particle Physics -
HYP2022**

3; Wed-III

Prague, Czech Republic
Prague, Czech Republic

Wed, June 29

2:30 PM

3; Wed-III

Session | Location: Hotel Pyramida | Convener: Benjamin Donigus

2:30 - 2:55 PM

Results of hyperon-nucleon and hyperon-nucleon-nucleon interaction studies via femtoscopy carried out at ALICE

Speaker

Dimitar Lubomirov Mihaylov

Location

Hotel Pyramida

2:55 - 3:20 PM

Strange hadron correlations in Heavy Ion Collisions at RHIC energies and below

Speaker

Hanna Zbroszczyk

Location

Hotel Pyramida

3:20 - 3:45 PM

Review of strangeness physics programme at HADES - past and future perspectives

Speaker

Rafał Lalik

Location

Hotel Pyramida

3:45 - 4:00 PM

Extending strong-interaction studies to nuclei with ALICE: measurement of proton-deuteron, kaon-deuteron, and Lambda-deuteron correlations in pp collisions at $\sqrt{s} = 13$ TeV

Speaker

Mr Bhawani Singh

Location

Hotel Pyramida

4:00 - 4:15 PM

Femtoscopic measurements of two-kaons combinations in Au+Au collisions at the STAR experiment

Speaker

Diana Pawłowska

Location

Hotel Pyramida

4:15 PM
