

14th International Conference on Hypernuclear and Strange Particle Physics - HYP2022

Friday, 1 July 2022

5; Fri-I (09:00 - 10:30)

-Conveners: Elena Botta

time	[id] title	presenter
09:00	[119] Updated experimental insight into the strong interaction between antikaons and nucleons.	Dr VAZQUEZ DOCE, Oton
09:25	[150] Kaonic atoms – status, results and plans	ZMESKAL, Johann
09:45	[116] Low-energy kaon-nucleon interaction studies by AMADEUS	Dr PISCICCHIA, Kristian
10:05	[136] On K^- nuclear interaction, K^- nuclear quasibound states and K^- atoms	Dr OBERTOVA, Jaroslava
