

Application Form for Exhibition and Sponsorship: SEEIIST meets Industry

Face2Face meetings to bring you in contact with experts, potential clients and development partners are organized in a special B2S-session by HEP Tech and EEN prior to the event through a dedicated online platform together with a complementary trade fair. Financial support would facilitate the organizers to provide the required infrastructure and cancel the registration fee altogether. We therefore kindly invite industrial partners to choose the sponsorship package as a support to the event.

Sponsorship Package – 200 € (including VAT)

- Your company name and logo featured as a sponsor on the event web page and in the final program booklet.
- Your dedicated booth (1 table 96.5 x 47 cm) for hardware exhibition, with 2 chairs with possibility of banner stand. The booth will be located close to the rooms to be used for Face2Face meetings, lectures and Coffee & Networking breaks (see “Exhibition contract” for more details).

Please complete the Sponsorship Form and if required the Exhibition Contract and return it before September 1, 2020 by email to sarajevo.2020@cern.ch.

Please be aware that the space is limited and therefore we advise you to apply as soon as possible in order to secure your position.
