

CLIC Project Meeting #35

Wednesday 29 Apr 2020, 09:00 → 14:00 Europe/Zurich

Vidyo Meeting only

Daniel Schulte (CERN), Erik Adli (University of Oslo (NO)), Philip Burrows (Oxford University), Philipp Roloff (CERN), Steinar Stapnes (CERN)

Description High Energy + High Luminosity + NAT+ gamma-gamma special meeting

Videoconference Rooms CLIC_Project_Meeting__35 [Join](#)

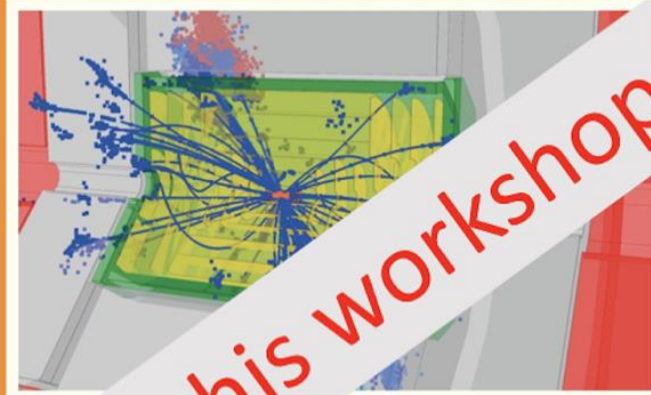

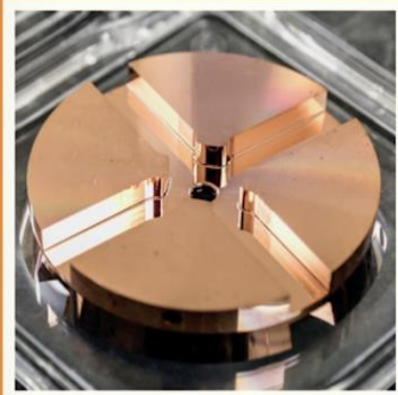

09:00	→ 09:10	Welcome and brief news Speaker: Steinar Stapnes (CERN)	🕒 10m	
09:15	→ 09:35	Motivation for high energy leptons Speaker: Roberto Franceschini (Rome 3 U.)	🕒 20m	
09:40	→ 10:00	Relevant parameters for physics Speaker: Philipp Roloff (CERN)	🕒 20m	
10:05	→ 10:25	Options for high energy leptons Speaker: Daniel Schulte (CERN)	🕒 20m	
10:30	→ 10:50	Progress, status test facilities Speaker: Erik Adli (University of Oslo (NO))	🕒 20m	
10:55	→ 11:15	Coffee	🕒 20m	
11:15	→ 11:35	SPARC LAB, recent results and plans Speaker: vladimir shpakov (LPI RAS)	🕒 20m	
11:40	→ 12:00	Parameter considerations for a PWFA linear collider Speaker: Jian Bin Ben Chen (University of Oslo (NO))	🕒 20m	
12:05	→ 12:25	Physics applications for AWAKE acceleration scheme Speaker: Allen Christopher Caldwell (Max-Planck-Institut fuer Physik (Werner-Heisenberg-Institut) (D))	🕒 20m	
12:30	→ 12:50	Muon Collider progress Speaker: Nadia Pastrone (Universita e INFN Torino (IT))	🕒 20m	
12:58	→ 13:00	End	🕒 2m	

CLICWEEK 2020

Compact Linear Collider Workshop

March 9 - 13, 2020 @ CERN

...missions at the energy frontier!

Unfortunately, this workshop had to be cancelled
