

9th Edition of the Large Hadron Collider Physics Conference

Wednesday 9 June 2021

Plenary IV: Beyond the Standard Model - feebly interacting particles (17:15 - 18:45)

-Conveners: Wolfgang Adam; Laura Patrizii

time	[id] title	presenter
17:15	[249] FIPs: phenomenology overview and new ideas	PEREZ, Gilad
17:37	[250] Searching for Charged FIPs and HIPS (Monopoles, Dyons, etc) at the LHC and Beyond	PINFOLD, James
17:59	[251] Searching for neutral FIPs at LHC and beyond	LEE JR, Lawrence
18:21	[252] Cosmology constraints on Dark Sector models for colliders	ANDREAS, GOUDELIS
