

# Welcome to the ISOLDE Solenoidal Spectrometer (ISS) Workshop 2020

20<sup>th</sup> & 21<sup>st</sup> July 2020 via Zoom

# Welcome to the ISS Workshop 2020

- *Purpose of the workshop*

- Update the community, welcome new users and build a collaboration
- Prepare for HIE-ISOLDE 2021 by advising on technical aspects of new proposals

- *Layout and schedule:*

- **Introduction** talks: status of experiments, equipment and upgrades
- **New proposals:** 10 minute talks on new ideas for 2021 campaign
- **Collaboration discussion:** Formalising the collaboration at CERN with an MoU
- **Coffee breaks:** stretch your legs, get fresh air, stay and chat on Zoom

# New proposals: Goals of the workshop

- Quantify demand for ISS after LS2, specifically in 2021 campaign
- Understand the future requirements for ISS and ancillary detectors
- Identify technical or feasibility issues to be addressed → contact persons
- Prepare proposals for submission to the INTC meetings
  - This is not the INTC and we are not critiquing the physics motivation

# INTC meetings and procedure

- November INTC meeting: 3<sup>rd</sup> – 4<sup>th</sup> November 2020
  - CERN deadline: 22<sup>nd</sup> September 2020 (6 weeks before)
  - ISS deadline: 25<sup>th</sup> August 2020 (4 weeks before)

# Practicalities for talks

- 10 minutes talks and 2 minutes for questions
  - Priority for technical questions from core collaboration
  - If there's time, use the raise hand option in the Participants Menu
  - Extra questions can continue in to the coffee breaks if speakers are available
  - Start/stop screen-sharing and upload a copy to Indico (if you want to)
  - Introductory session will be recorded, proposals will NOT be recorded
  
- Common themes/problems will be identified throughout
  - Picked up in the collaboration discussion tomorrow
  - Contact persons and groups put together at that stage
