

Session Program

11-15 May 2020

Amplitudes Annual Conference

Monday Morning

Monday 11 May

09:00

Monday Morning: Monday Morning

Session | Convener: Anastasia Volovich

09:00–09:45 **Amplitudes and beyond at the LHC**

Speaker

Gavin Salam

09:45–10:15

First non-planar corrections to the cusp anomalous dimension in N=4 sYM and QCD

Speaker

Johannes Henn

10:15–11:00 **Break**

11:00–11:30 **Power series and computation of multi-loop/multi-leg integrals**

Speaker

Francesco Moriello

11:30–12:00 **N-jettiness With Subleading Power Corrections**

Speaker

Radja Boughezal

12:00–12:30 **Amplitudes and Higgs EFTs**

Speaker

Nathaniel Craig

12:30
