CERN Accommodation Facilities (FAC) meeting

QUESTIONS

• Should we open Hostel parking (buildings 39-41) for general use?
• Should we transform few TV/reading/smoking areas into rooms to have more beds in the hostel?
• Should we increase the number of kitchens in the hostel?
• Should we extent the reservation period in the hostel from 2 to 6 months?
• Should we introduce WWW waiting list in the hostel?
• Do you feel the need for the extension of the hostel in order to get more beds?
• With new shuttle service to Saint-Genis hostel and eventual improvement of the quality of the service in this hostel, would you agree to use Saint-Genis hostel instead of main CERN hostel?
