# Restart of Activities

- ❖ Currently there is no strong pressure from the person-on-site data
- ❖ Not needed to delay any request in the last 2 weeks

# EP Ramp-up

- ❖ The planning for next week 24 is well advanced.
- ❖ The planning for the following weeks is missing data

# Returning Teleworkers

---

- ❖ Return to office of MPE and MPAt who can telework have been agreed
- ❖ As of June 15, **10% of FTE every week**
- ❖ Decision of defining the 10% with the departments
  - ❖ For EP it does not mean a few people at 100%, but many people 1-2 days per week
- ❖ The 10% increase **should be organised and distributed internally by each group**
- ❖ The ramp-up will proceed only if safety measures are assured

---

# Returning Teleworkers: Issues

---

- ❖ Logistic difficulties for coming back part-time
  - ❖ i.e. material which people brought from the office to home
  - ❖ i.e. people not in the local region
- ❖ Shared 'small' offices and their preparation
- ❖ Synchronising people that need to work together (i.e. per projects)
- ❖ Calling back people teleworking in the local region first, organise the return for the rest
- ❖ Use of meeting rooms is still discouraged

---

# SFT Planning

---

- ❖ This week we will start building a plan for SFT for the 10% ramp-up until September
- ❖ Communicate your wishes and constraints to your supervisor as soon as possible

---

# Events

---

- ❖ HSF Detector Simulation Working Group: R&D on accelerators in Simulations - Bring your ideas
  - ❖ 10th of June at 4pm

---

# Final Remarks

---

- ❖ I do hope everybody has followed (and pass the test) of the Covid-19 safety training
  - ❖ In the EP whitelist, 130 people have not done the training course !
- ❖ Do not forget to register the 'teleworking' in EDH !
  - ❖ 7 people not on teleworking nor on annual leave :-)
  - ❖ Comments: "Exceptional measures"
