ATLAS+CMS Statistics&Higgs meeting

Tuesday afternoon, following this meeting, there will be the presentation of the first exercise of combination of ATLAS and CMS $H \rightarrow WW$ 7 TeV analysis (fake numbers)

16:30 in Room: ???

- Bob Cousins: Introduction and history
- Bill Quayle: The toy experimental inputs
- Kyle Cranmer : The strategy of the combination
- Gregory Schott: The combination

the restaurant: **AUBERGE DE CHOULLY, Route du Crêt-de-Chouilly 191242 Satigny**

From cern: exit and go right.

At the big roundabout go right direction Satigny

continue straight (at two small roundabout go straight)

After the second small round about, you enter in the village of Satigny

Take the first Right, going up-hill (direction Chouilly)

At the first stop continue straight toward Chouilly

Then when you reach the village of Chouilly at a T cross, on top of the hill, turn right and the restaurant is ~100 m on your left.
