

Searching for long-lived particles at the LHC and beyond: Eighth workshop of the LHC LLP Community

Tuesday 17 November 2020

Heavy neutral leptons (HNLs) session (17:05 - 18:55)

-Conveners: Federico Leo Redi; Albert De Roeck

time	[id] title	presenter
17:05	[54] HNL Introduction	REDI, Federico Leo
17:20	[55] News from FIPs workshop and discussions on HNLs	DREWES, Marco
17:40	[57] MeV-scale Seesaw and Leptogenesis	LUCENTE, Michele
18:00	[56] A quantitative study on helicity inversion in Majorana neutrino decays at the LHC	RUIZ, Richard
18:20	[58] Discussion round on MCs for HNLs	HAJER, Jan TASTET, Jean-Loup SHCHUTSKA, Lesya BOUCHIBA, Sonia Amina VARIOUS CONTRIBUTORS
