

Modules

- Tools — need to keep this moving
 - Dowel-pin-in-Al-hole @ SCIPP
 - Updated metrology program and hole gauge in hand → Restart work today
 - Locating-pin-and-Bushing @ LBNL
 - Want to get quotes for preproduction tools
 - Need updated machine-shop drawings (Tom & Todd)
- EDMS review of barrel tools w/ D8 tolerances started
 - Will have to do it also for power-board pickup tools
- Re-estimation of production consumables
 - I started two months ago and dropped
 - Will restart — Ask for help from L4s
