
SFT News

SFT Group Meeting, 15 May 2020

Ramp-up of Activities

- Data from the access system :

- ❖ EP did not need to delayed any request in the last weeks
- ❖ Ramp-Up can take same time, especially if the work place needs to be prepared for CoVid-19 measurements

Return of Teleworkers

- ❖ Priority to those who need to come back for work, then to those who wish to come back
- ❖ The DH insists that employees (staff and fellows) should come back, if COVID situation allows (personal situation and office)
- ❖ MPAs (students and associates) are allowed to come back if they are needed. Same criteria must be applied, 1st: work needs, 2nd: personal situation, 3rd: office situation

SFT Return Planning

- ❖ Target +10% / week
- ❖ We have an initial plan (not yet completed) for returning to CERN
- ❖ If you have not done it, please communicate your wishes and constrains to your supervisor as soon as possible

EP Offices safety measures

O. Beltramello

- ❖ For shared offices
 - ❖ The 2 m interpersonal distance shall be kept at all times. The position of the desks shall be re-organised to make sure there are 2 m between workers; (4 m² per person).
 - ❖ Non used equipment (chairs, tables) should be fenced off or removed.
 - ❖ Plexiglass could be installed to separate the different workplaces but this does not replace the above rule. This is envisaged in particular where there are lots of passage (secretariat, user office)

EP Offices safety measures

- ❖ In addition, rules must be explained and respected by the personnel:
 - ❖ Everyone inside a shared office shall wear a surgical mask type I at all time;
 - ❖ The window shall be kept open as much as possible, but at least 10 minutes every 2 hours;
 - ❖ The door shall be kept open as much as possible;
 - ❖ The A/C used for comfort shall be turned OFF;
 - ❖ Disinfection of common items

Example Shared Office

- ❖ The two workplaces have been re-arranged to guarantee the 2 meters distance

LHC Schedule after COVID 19

- ❖ Decisions taken at Directorate Meeting on 08.06.2020 (with spokespersons, TCs)
- ❖ Baseline is cavern closing 01 February 2022 (no LHC physics run in 2021)
 - ❖ Allows ATLAS to install both NSWs, CMS to complete shielding, LHCb to complete upgrade
 - ❖ No EYETS 2022, short EYETS 2023/2024, 3 years of running, about 10% less integrated luminosity compared to old schedule, LS3 schedule unchanged
 - ❖ Review by ATLAS end of October 2020, if NSW-C not progressing as planned, give up and advance cavern closing to November 2021
- ❖ Fixed target physics will start in 2021 as early as possible.

Other ED News

- ❖ Extension for Doctoral students up to 6 months possible, only during the 3rd year and with justification
- ❖ Duty trips / official missions are allowed if strategic or operational importance (DH authorization required)

Events

- ❖ HSF-WLCG workshop feedback meeting
 - ❖ Wed 17 June @ 17h
- ❖ Alpaka training will be held Mon 29 June - Fri 3 Jul, 9:00 - 10:30 CEST
 - ❖ Register at <https://indico.cern.ch/event/912156/>

Final Remarks

- ❖ I do hope everybody has followed (and pass the test) of the Covid-19 safety training
 - ❖ In the EP whitelist, 130 people have not done the training course !
