

The Physics of the Sun and the Solar Neutrinos: 2nd

Monday 4 October 2010 - Tuesday 5 October 2010

INFN - Laboratori Nazionali del Gran Sasso

Scientific Programme

The Workshop program will focus on the physics of the Sun with discussions on Standard and "Non-Standard" Models. The program will also focus on solar neutrino observations and on solar neutrinos as a probe for neutrino physics and solar physics. The scientific program will consist of plenary sessions with invited speakers.
