

# ISOLDE - EPIC Workshop 2020

## Tuesday, 24 November 2020

### New Physics Applications at ISOLDE (16:00 - 18:05)

-Conveners: Magdalena Kowalska

time	[id] title	presenter
16:00	[4] The history and future of material science at ISOLDE, with recent feedback from the biophysics programme	JOHNSTON, Karl
16:35	[12] Quantum materials research with radioactive probes	Prof. PEREIRA, Lino M. C.
17:05	[11] Nuclear Probes in Multiferroics	Prof. LUPASCU, Doru C.
17:35	[15] Irradiations at CERN: a broad spectrum	FERRARI, Matteo
