#ITW2022

Programme Website

The screenshot shows the Indico event page for the International Teacher Weeks Programme 2022. The header features a globe made of flags and the event title. Below the header, the dates (31 July 2022 to 13 August 2022) and location (CERN, Europe/Zurich timezone) are displayed. A search bar is present on the right. The main content area includes a left sidebar with navigation links for Overview, Timetable, and Administrative Support (with an email icon and address). The main text describes the event, provides contact information for the Teacher Programme Manager (Jeff Wiener), and lists emergency contact numbers. It also includes event details such as start and end times, location, and a note about materials. A final information box at the bottom provides details about the scientific programme and agenda, and mentions that more precise information will be sent via email.

The **International Teacher Weeks Programme 2022** will take place from 31 July - 13 August 2022. Lectures, on-site visits, exhibitions, Q&A-sessions and hands-on workshops will introduce its participants into cutting-edge particle physics. We hope our participants will go back to their countries as ambassadors, who pass on the subject to our next generation of physicists, engineers, IT specialists and and and ...
