

Session Program

16-17 Jan 2007

LHC Post Mortem Workshop - I

Session 2

CERN, 874/1-011

Tuesday 16 January

14:00

Session 2

Session | Location: CERN, 874/1-011

14:00-14:30

Powering of the SC circuits: procedures and strategies for circuit validation

Speaker

Antonio Vergara Fernandez

14:30-15:00

Analysis requirements for the SC magnet systems

Speaker

Andrzej SIEMKO

15:00-15:30

Present status of the individual systems analysis applications

Speaker

Hubert Reymond

15:30-16:00

Tea break

16:00-16:30

How do we tackle the extended requirements?

Speaker

Adriaan Rijllart

16:30
