

**Searches for  $\tilde{\chi}'$  and  $\tilde{\chi}''$  in leptonic final states using  
139  $\text{fb}^{-1}$  of  $\text{pp}$  collision data collected at  $\sqrt{s} = 13 \text{ TeV}$   
with the ATLAS detector**

*Sunday 10 January 2021 16:10 (15 minutes)*

**Presenter:** O'KEEFE, Michael William (University of Liverpool (GB))

**Session Classification:** PhD student session
