

HTCondor Workshop Autumn 2020

Monday, September 21, 2020 - Friday, September 25, 2020

(teleconference only)

Scientific Program

The workshops are opportunities for novice and experienced users of HTCondor to learn, get help and have exchanges between them and with the HTCondor developers and experts. They are open to everyone world-wide; they consist of presentations, tutorials and "office hours" for consultancy, covering the HTCondor CE (Compute Element) prominently as well. They also feature presentations by users on their projects and experiences.

HTCondor presentations and tutorials

HTCondor Compute Element (CE) presentations and tutorials

HTCondor user presentations

HTCondor and HTCondor CE office hours
