

Introduction

The LHC-EWWG Multiboson subgroup conveners

ATLAS: Joany Manjarres, Shu Li, (outgoing: Kristin Lohwasser)

CMS: Chia-Ming Kuo, Pietro Vischia

Theory: Jonas Lindert, Céline Degrande

LHC EWWG meeting - 21 July 2020

Some news of your interest

- Planning some future meetings, also together with VBScan on VBS topics.
 - **VBF Zjj comparisons, in touch with ATLAS/CMS contacts and analyzers to schedule dedicate meeting, theorist of interest welcome to attend, too.**
 - **EFT general discussion is postponed, to be scheduled/announced later**
 - **Topical WZ discussion to be scheduled/announced later (probably September)**
 - **Ideas welcome for further topics**
- New EW contact appointments in LHC EFT WG
 - Celine Degrande for TH
 - Kristin Lohwasser for ATLAS
 - Pietro Govoni for CMS
- Next LHC EWWG plenary meeting: end of Sept. 2020
 - Exact time yet to announce, stay watching
 - Aim to see where we stand with the YR as well as discussion on the progress in the various LHC EWWG sub-groups
 - also overlaps with LHC Top and Higgs physics
- YR repo: <https://gitlab.cern.ch/lhcewkgw/lhcewkgw-multiboson/Report2018>
