

Session Program

6-7 Aug 2020

Perceiving the Emergence
of Hadron Mass through

AMBER@CERN

6 - 7 August 2020
CERN, Geneva - Switzerland

**Second workshop on "Perceiving the
Emergence of Hadron Mass through
AMBER@CERN" (EHM2020/2)**

Session 3

Friday 7 August

14:20

Session 3

Session | Convener: Adnan Bashir

14:20-14:45 **Emergence of a gluon mass**

Speaker
Joannis Papavassiliou

14:45-15:10 **JPAC and exotic hadrons**

Speaker
Adam Szczepaniak

15:10-15:35 **EHM from inclusive electron scattering off protons in the resonance region**

Speaker
Victor Mokeev

15:35-16:00 **Testing quark counting rules: bridging nonperturbative and perturbative PDF approaches**

Speaker
Aurore Courtoy

16:00
