

GWDG and CERN CTA team - discuss potential CTA adoption

Report of Contributions

Contribution ID: 1

Type: **not specified**

Introduction to GW DG

Wednesday, 22 July 2020 09:00 (30 minutes)

GW DG to present their current set up (disk and tape infrastructure, total storage capacity, data taking and retrieval workflows).

Presenters: NACHTWEY, Bjoern; SCHWERDTFEGGER, Christian; KASPRZAK, Piotr; Prof. YAHYAPOUR, Ramin; TEUSCH, Stefan

Contribution ID: 2

Type: **not specified**

Introduction to CTA

Wednesday, 22 July 2020 09:30 (30 minutes)

Architecture of CTA, current CERN infrastructure, status of the CTA production instance and migration from CASTOR to CTA.

Presenter: DAVIS, Michael (CERN)

Contribution ID: 5

Type: **not specified**

Open discussion

Wednesday, 22 July 2020 10:00 (1 hour)

Open discussion of whether CTA could be a candidate to replace TSM for the GW DG use case.
