

Session Program

20-23 Jan 2021

**Workshop on forward physics and QCD with
LHC, EIC, and cosmic rays**

***Cosmic rays: Joint physics studies with
collider experiments, simulation tools***

Wednesday 20 January

08:00

Cosmic rays: Joint physics studies with collider experiments, simulation tools: Cosmic rays: Joint physics studies with collider experiments, simulation tools

Session | Location:

08:00–08:30

Cosmic ray physics experimental review

Speaker

Takashi SAKO

08:30–09:00

pO run for cosmic rays and impact on muon puzzle

Speaker

Dr Hans Peter Dembinski

09:00–09:30

Cosmic Ray MC

Speaker

Dr Tanguy Pierog

09:30–10:30

Discussion

10:30
