

Session Program

10-14 Jan 2022

30th International Symposium on Lepton Photon Interactions at High Energies

Gravitational waves and astroparticle physics

Online only

Thursday 13 January

18:30

Gravitational waves and astroparticle physics: 1

Session | **Location:** Online only | **Convener:** Ben Kilminster

19:00

18:30-19:00

Astroparticle physics overview

Speaker

Olivier Deligny

Friday 14 January

08:30

Gravitational waves and astroparticle physics: 2

Session | Location: Online only | Convener: Ulrik Egede

08:30–09:00 **Gravitational Waves**

Speaker

Patricia Schmidt

09:00–09:30 **Multi-messenger Detection**

Speaker

Dr Elena Cuoco

09:30
