

Universality of QCD traveling waves with running coupling

Tuesday 17 April 2007 17:30 (20 minutes)

Universality of QCD traveling waves with running coupling

Primary author: PESCHANSKI, Robert (Service de Physique Théorique, Saclay)

Presenter: PESCHANSKI, Robert (Service de Physique Théorique, Saclay)

Session Classification: Joint: Structure Functions and Low-x / Diffraction and Vector Mesons

Track Classification: Joint: SF / DIFF
