

Saturation model for exclusive processes at HERA, DVCS, F2, including evolution and the impact parameter dependence

Tuesday 17 April 2007 16:10 (20 minutes)

Saturation model for exclusive processes at HERA, DVCS, F2, including evolution and the impact parameter dependence

Primary author: KOWALSKI, Henri (DESY)

Presenter: KOWALSKI, Henri (DESY)

Session Classification: Joint: Structure Functions and Low-x / Diffraction and Vector Mesons

Track Classification: Joint: SF / DIFF
