

Meeting of High Energy Physics, Cosmology and High Energy Astrophysics

Tuesday, December 1, 2020

High Energy Astrophysics (1:30 PM - 3:00 PM)

time	[id] title	presenter
1:30 PM	[51] Study of gamma ray activity in blazars and some implications for neutrino emission	SACAHUI REYES, Jose Rodrigo
2:00 PM	[50] Potential of MATHUSLA for cosmic ray research	Prof. FERNANDEZ TELLEZ, Arturo
2:30 PM	[33] A relativistic model for quasi-periodic blazars	PEREZ, Hector

Wednesday, December 2, 2020

High Energy Astrophysics (9:00 AM - 9:30 AM)

time	[id] title	presenter
9:00 AM	[2] Active irreversible process in quantum field theory	Prof. JENKINS, Alejandro
