

Meeting of High Energy Physics, Cosmology and High Energy Astrophysics

Tuesday, 1 December 2020

High Energy Astrophysics (13:30 - 15:00)

time	[id] title	presenter
13:30	[51] Study of gamma ray activity in blazars and some implications for neutrino emission	SACAHUI REYES, Jose Rodrigo
14:00	[50] Potential of MATHUSLA for cosmic ray research	Prof. FERNANDEZ TELLEZ, Arturo
14:30	[33] A relativistic model for quasi-periodic blazars	PEREZ, Hector

Wednesday, 2 December 2020

High Energy Astrophysics (09:00 - 09:30)

time	[id]	title	presenter
09:00	[2]	Active irreversible process in quantum field theory	Prof. JENKINS, Alejandro
