

PARTNERSHIP FOR ADVANCED COMPUTING IN EUROPE

Capability by providing training & center of expertise

Florian Berberich

*PRACE Member of Board of Directors
Forschungszentrum Jülich GmbH*

From the PRACE-CERN-SKA-GEANT CA ...

1. Training support

- The parties expect to leverage expertise for training and support
- PRACE brings unique expertise in software performance and scale for HPC
- CERN and SKA have expertise in data intensive science and data

2. Capability by providing training & center of expertise

- PRACE WP6 will support the partners' representatives during the integration phase in the PRACE-RI
- CERN and SKA will provide detailed use cases
- PRACE WP6 will identify technical requirements
- PRACE- WP6 and GEANT representatives will be able to identify the correct services to address the use cases

Training - Talks

- 11:30 Advanced HPC training in PRACE (Tiina Leiponen (CSC))
- 11:50 Training needs from the CERN community (Graeme A Stewart (CERN), Maria Girone (CERN), Stefan Roiser (CERN))

Team building

- Who will contribute ?
- Who will chair and lead this demonstrator ?
- When will the first meetings be organized ?

Discussion on interests from the communities on center of expertise and training

Ideas training:

- Special joint training series with contributions from all partners
- On demand training events
- Student placements

Ideas center of expertise:

- Dedicated joint work shops
