

## LLP and neutrino mass models

*Monday 9 November 2020 20:55 (10 minutes)*

In this talk I will discuss the connection of different neutrino mass models with long-lived particles (LLPs). We will also discuss the prospects of the LHC and several recent experimental proposals to search for these LLPs.

**Authors:** Dr HELO, juan carlos (Universidad de La Serena); HIRSCH, Martin (Instituto de Fisica Corpuscular (CSIC, University of Valencia))

**Presenter:** Dr HELO, juan carlos (Universidad de La Serena)

**Session Classification:** Long-Lived Particles
