

LLP and neutrino mass models

Monday 9 November 2020 20:55 (10 minutes)

In this talk I will discuss the connection of different neutrino mass models with long-lived particles (LLPs). We will also discuss the prospects of the LHC and several recent experimental proposals to search for these LLPs.

Authors: Dr HELO, juan carlos (Universidad de La Serena); HIRSCH, Martin (Instituto de Fisica Corpuscular (CSIC, University of Valencia))

Presenter: Dr HELO, juan carlos (Universidad de La Serena)

Session Classification: Long-Lived Particles
