

Forward Physics Facility - Kickoff Meeting

Monday, November 9, 2020

Dark Sectors and Cosmology (7:10 PM - 9:10 PM)

-Conveners: Jonathan Lee Feng

time	[id] title	presenter
7:10 PM	[29] FORMOSA & Forward-DUNE - Looking Forward to Millicharged Dark Sectors and New Neutrino Physics	Dr TSAI, Yu-Dai
7:25 PM	[48] Potential for BSM and Neutrino Physics at FORMOSA	Mr FOROUGH, Saeid
7:40 PM	[32] Light Dark Matter at the Forward Physics Facility	BATELL, Brian Thomas
7:55 PM	[31] Looking for light new particles with secondary production in the far-forward region of the LHC	JODLOWSKI, Krzysztof
8:10 PM	[40] Collider signatures of minimal freeze in models	SENGUPTA, Dipan
8:25 PM	[44] Freeze-in Dark Matter in U(1) extended Standard Model and Lifetime Frontier Experiments	OKADA, Nobuchika
8:40 PM	[43] Hunting Inflaton at FASER	Dr RAUT, Digesh
